

## PRIVACY NOTICE

JAN 2026

SCOPE AT LIMITED [WWW.SCOPEAT.CO.UK](http://WWW.SCOPEAT.CO.UK)

In brief...In holding information on our recruitment database and systems, such as a CV (and all the Personal Data you provide on it), the main objective is for Scope AT to provide you with suitable and appropriate job specifications from our clients, so that you can consider the available position, discuss further if needed, and if interested authorize us to proceed with an application (whether that be a Consultancy, Contract or Permanent position). By applying to an advert or by sending us your CV you acknowledge that Scope AT will process your personal data in line with this privacy notice and applicable data protection laws. In addition, if you also agree for us to send your CV to a specific client when asked (or to a third party working on behalf of the client) for a role, you are agreeing that we will share your personal data by email or by upload to our clients / third parties vendor management system. We will only share the personal data that is necessary for you to be considered for the position, interviewed (phone / video / face to face) and if successful, placed into the role. If we successfully secure you a role (whether that be a Consultancy, Contract or Permanent position), we will need to process additional information such as the details below.

Where Scope AT relies on consent as a lawful basis for processing personal data, this may include the following personal data, and this information may be loaded onto our Recruitment Database, our clients (or third parties) vendor management system.

- Name
- Date of birth
- Contact details, including telephone number, email address and postal address
- Experience, training and qualifications
- CV
- National insurance number
- Directorship details
- Other information that you may share on the CV or is publicly available

Data storage and security: Scope AT stores personal data within its recruitment databases and associated systems, which are protected by appropriate technical and organizational security measures, including access controls and multi-factor authentication where applicable. Access to personal data is restricted to authorized personnel only, and data is processed in accordance with applicable data protection laws and our internal security policies.

The key point is that we will only share personal data that we consider non-excessive in order to effectively fulfill our responsibility to both Candidate and Client.

Please find below our Privacy notice that explains, in detail, how and why we will process your data. Scope AT is a recruitment business and IT solutions business which provides recruitment and IT solutions to clients, candidates and consultancies. We need to process personal data (including sensitive personal data) so that we can provide our services – in doing so, Scope AT acts as a data controller. You may have given your personal details to us directly, such as on an email application or registration form or via our website, or we may have collected the details publicly available professional sources (such as professional networking platforms) or from third-party data providers, where permitted by law.
